

This month we focus on 2 major tasks;

CrossSafe Violation Management Program for Canada (Full Report on Request)

Don't wait till the end of August to get your Bus Technologies inspected and ready to run in September.

Summer break is the ideal time to run all your School Bus Technology Inspections, Maintenance and Repairs.

Tips:

- ☼ Inspect and Document all your School Buses Technologies early ☼
- ☼ Re-Aim and level your Cameras, format your Storage Devices, check your Microphones ☼
- ☼ Check your GPS, Time/Date, Time Zones and make sure you are running good Firmware ☼
- ☼ Bus ID is good, communications are optimal and all are registered ☼
- ☼ Do your warranty work if required. Our 5 Year No Quibble warranty allows you to complete any repairs before school starts ☼
- ☼ Need Assistance... Contact Us ☼

[Inquire Now.](#)

Thank you and have a good summer,

 **School Bus Technology Summer**
Inspections & Maintenance (Inspections Form on Request)
